

Komana Binbirdirek Hotel is committed to keeping the safety of guests and employees at the highest level and responding to incidents. We adopt our safety sustainability policy based on the following principles:

1. WORKPLACE SAFETY:

We take the necessary safety precautions in our workplaces to ensure the safety of our employees and guests. We organize continuous training and drills on emergency exits, fire safety, emergency equipment, etc.

2. SAFETY TRAININGS:

We provide regular safety trainings to our employees. We organize awareness-raising and training programs on incident response, fire safety, first aid and similar topics.

3. SAFE CONSTRUCTION AND USE OF MATERIALS:

We use safe materials in the construction and maintenance of our hotel. We conduct regular inspections and make necessary updates on building safety and structural durability.

4. HOTEL SECURITY SYSTEM:

Komana Binbirdirek Hotel ensures security throughout the facility by using security systems effectively. We constantly monitor and update systems such as camera systems, closed circuit televisions and entrance and exit controls.

5. CUSTOMER SAFETY:

We keep the safety of our guests at the highest level. We increase security measures in and around the hotel and offer our guests a safe accommodation experience.

6. EMERGENCY PLANS:

Komana Binbirdirek Hotel ensures the safe evacuation of employees and guests by creating emergency plans. We aim for fast and effective response in case of emergency.

This policy reflects Komana Binbirdirek Hotel's commitment to safety sustainability and aims to keep the safety of our guests and employees at the highest level. Adhering to the principle of continuous improvement, we continuously evaluate and improve our safety sustainability performance.
